

UGANDA REGISTRATION SERVICES BUREAU JOURNAL

NO: URSB.IP.2022.047

DATE: FRIDAY 25TH OF NOVEMBER 2022

PUBLISHED BY:

UGANDA REGISTRATION SERVICES BUREAU PURSUANT TO THE TRADEMARKS ACT, 2010 AND THE TRADEMARKS REGULATIONS OF 2012 AS AMENDED BY THE TRADEMARKS (AMENDMENT) REGULATIONS 2021

DATA IDENTIFICATION CODES

INTRODUCTION

The data identification codes appearing in the next tables are WIPO Standards. The first three of these tables contain codes universally known as Internationally recognized Numbers for the Identification of Data (INID) codes.

These standards are namely, WIPO Standard ST. 60 (Recommendation concerning bibliographic data relating to marks) and Standard ST. 3 (Recommended standard on two-letter codes for the representation of states, other entities and intergovernmental organizations).

INID CODES FOR MARKS

Code	Interpretation
(210)	Application number
(220)	Filing date
(310)	Priority number
(320)	Priority date
(330)	Convention country
(510)	List of Goods and/or Services
(511)	Nice class
(526)	Disclaimer
(550)	Series mark
(591)	Colour limitation
(646)	Associations
(731)	Name and address of Applicant
(740)	Name and address of the representative
(750)	Address for Service

READERS' NOTICES

ADVERTISEMENT PROCEDURES AND RATES

Statutory and Unofficial Notices

Every notice or advertisement required to be advertised in this Journal must first be approved by the Registrar of Trademarks, and all advertising charges therefore are payable to Uganda Revenue Authority through their portal prior to issuing the receipt to the advertiser.

Frequency of the Journal

The URSB Journal: Official Journal of Trademarks for Uganda Registration Services Bureau is published weekly.

Editorial Office and Mission

The Journal is published in pursuance of provisions of the Trademarks Act, 2010, the Trademarks Regulations 2012 and The Trademarks (Amendment) Regulations 2021, of the Laws of Uganda.

- (510) Design and development of computer hardware and software; computer services; application service provider (ASP) services; software as a service (SaaS) services; platform as a service (PaaS) services; providing cloud computing software; providing software enabling users to invest in digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing distributed ledger technology; providing software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token assets; providing software which facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing software for implementing and recording financial transactions, for creating accounts and maintaining and managing information about financial transactions on distributed public ledgers and peer to peer payment networks; providing software for processing electronic payments and for transferring funds to and from others; providing electronic financial platform software; providing software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; providing software for transfers of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens between parties; providing software for use in financial trading; providing software for use in financial exchange; providing software for use in accessing financial information and market data and trends; providing software for settling financial transactions, for providing authentication of parties to a financial transaction, for maintaining ledgers for financial transactions; providing software for the management of cryptographic security of electronic transmissions across computer networks; providing software for use with digital currency; providing software for use with cryptocurrency; providing software for use with virtual currency; providing software for use with digital currency wallet and storage services; providing software for digital currency payment and exchange transactions; providing distributed ledger software for use in processing financial transactions; providing software for electronic funds transfer; providing software for currency conversion; providing software for the collection and distribution of data; providing software for payment transactions; providing software for connecting computers to local databases and global computer networks; providing software for creating searchable databases of information and data; providing software for managing and validating digital currency, virtual currency, cryptocurrency, digital asset, blockchain asset, digitized asset, digital token, crypto token and utility token transactions; providing software for creating and managing smart contracts; providing software for managing payment and exchange transactions; providing software for electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing software for use in enabling the electronic transfer of funds to and from others; providing software for creating a decentralized and open source digital currency for use in blockchain-based transactions; providing software for creating a decentralized and open source virtual currency for use in blockchain-based transactions; providing software for creating a decentralized and open source cryptocurrency for use in blockchain-based transactions; providing software for creating a decentralized and open source digitized asset for use in blockchain-based transactions; providing software for creating a decentralized and open source digital token for use in blockchain-based transactions; providing software for encrypting and enabling secure transmission of digital information over the Internet, as well as over other modes of communication between computing devices; providing software for allowing users to calculate parameters related to financial transactions; distributed ledger platform software for use in processing financial transactions; providing software for electronic funds transfer and currency conversion; providing software for use in securely managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; providing a web portal featuring blogs and non-downloadable publications in the nature of articles, columns, and informational guides in the fields of virtual currencies, digital and blockchain assets and market and trading trends; providing a web portal for users to access information in the field of virtual currencies, digital and blockchain assets; platform as a service (PaaS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software as a service (SaaS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; computer services, namely, creating an on-line virtual environment for the selling and purchasing of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; software as a service (SaaS) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; computer services, namely, providing a decentralized electronic file storage system and open source cloud storage platform; computer services, namely, providing a decentralized electronic object storage platform for end-to-end encrypted and

powered by blockchain and blockchain payments; computer services, namely, providing secure, private encrypted cloud storage services; computer services, namely, providing electronic peer-to-peer data storage distributed across unused customer electronic storage resources; computer services, namely, providing open source decentralized cloud storage platform; data encryption services featuring blockchain software technology and peer-to-peer protocols to provide secure, private, and encrypted cloud storage; distributed, electronic storage of electronic media, namely, data, documents, files, text, photos, images, graphics, music, audio, video, and multimedia content; providing software for use as a cryptocurrency wallet; providing software for democratically managing digital exchanges for virtual items through smart contracts; data mining; providing software for use in trading, clearing, transmitting, receiving, storing, confirmation, and financial trading risk management for exchange market transactions in the fields of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) featuring software platforms for authenticating, facilitating, matching, processing, clearing, storing, receiving, tracking, transferring, and submitting trade data, exchanging of trading transaction details, and management of the overall trading lifecycle; software as a service (SaaS) featuring software platforms for authenticating, facilitating, matching, processing, clearing, storing, receiving, tracking, transferring, and submitting trade data, exchanging of trading transaction details, and management of the overall trading lifecycle; providing software for use with blockchain technology; software as a service (SaaS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; software as a service (SaaS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; blockchain-based software platforms and distributed computing software platforms for auditing and verifying digital information and codes; design, development and implementation of audit and security software for blockchain-based platforms; providing software for use in facilitating secure transactions; providing software for auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software platforms for decentralized blockchain style communication; software platforms for the tracking and support of data transactions; design, development, and implementation of software for distributed computing platforms; design, development, and implementation of software for blockchain; design, development, and implementation of software solutions for digital currency security; design, development, and implementation of software for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token wallets; design, development, and implementation of software for third-party verification services for digital currency transactions, including but not limited to transactions involving bitcoin currency; providing temporary use of non-downloadable software for use in collecting, transferring, receiving, tracking, storing and transferring bitcoin; providing software for use in collecting, transferring, receiving, tracking, storing and transferring peer-to-peer currency; providing software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens or utility tokens that allow users to buy from, and sell products and services to others; providing software for use in accessing, reading, tracking, and using blockchain technology; technical consultancy services related to digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token transactions; platform as a service (PaaS) featuring computer software platforms for compute, system and application development, deployment, and management; software as a service (SaaS) featuring computer software platforms for computer system and application development, deployment, and management; providing software enabling users to develop, build and run distributed applications through an open-source peer-to-peer smart-contract and payment network platform; providing cloud-based computer network identification verification, authentication and management services for security purposes; secure hosted management, storage and administration of passwords, credentials and identity information relating to persons, accounts and devices for security purposes; providing authentication software for controlling access to and communications with computers and computer networks; providing software for use in the exchange of virtual items; providing software for selling, trading and managing blockchain-based tokens or appcoins; providing a digital exchange; providing software for use in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing cloud-based network identification verification, authentication and

25TH NOVEMBER 2022

management services for security purposes; providing software for managing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized asset, digital token, crypto token and utility token payments, money transfers, and commodity transfers; providing software for facilitating money transfers, electronic funds transfers, commodity transfers, bill payment remittance, and transferring funds between parties; authentication services namely, internet authentication services; providing authentication personal identification information; authentication services, namely, user authentication services; Providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; application service provider (ASP) services, featuring e-commerce software for use as a payment gateway that authorizes processing of credit cards or direct payments for merchants.
