

NOTICE TO THE PUBLIC ON MARRIAGE REGISTRATION

Uganda Registration Services Bureau (URSB) wishes to inform the general public that all marriages conducted in Uganda **MUST** be filed with the Registrar of Marriages.

The public is reminded that only church marriages conducted in Licensed and Gazetted places of worship are registrable and it is the duty of the licensed churches to file a record of the celebrated marriages with the Registrar of Marriages by the 10th day of every month, the marriages conducted under the Islamic Faith and the Hindu faith must be registered within three months from the date of the marriage and the Customary marriages must be registered at the Sub-County or Town council where the marriage took place within six months from the date of the marriage. Willful failure to register marriages celebrated by the Marriage Celebrants violates the provisions of the Marriage Act and criminal proceedings may be instituted against them for failure to perform their statutory duties.

The Bureau takes this opportunity to appreciate all Marriage Celebrants who are compliant. **The public is hereby informed of the compliance status of Faith Based Organizations as at January 2021.**
